**Declaration According to REACH and CLP Regulation for**  
**BRÜGGOLEN® C, H, L, M, P, R, S and NYRIM Series,**  
**AP-NYLON® Caprolactam and Caprolactam Liquid (AP-Quality),**  
**Reducing Agents and Zinc Derivatives**

Under REACH Regulation (EC) 1907/2006, L. Brüggemann GmbH & Co. KG (designated here as BRÜGGEMANN) take on the roles of manufacturer, importer, and also the role of downstream user. The product portfolio has not changed, even after the 2018 registration period, due to the effects of the REACH regulation.

#### **Registration**

All substances and raw materials requiring registration in the BRÜGGEMANN product portfolio were registered by BRÜGGEMANN or by the relevant suppliers in good time. The registration numbers of substances classified as hazardous are specified in the safety data sheets. Moreover, BRÜGGEMANN will take care of further upcoming registration requirements, if necessary, under REACH in a timely manner. For other substances information is made available in accordance with Article 32 of the REACH Regulation.

#### **SVHC: Substances of Very High Concern**

The European Chemicals Agency ECHA has drawn up a list of substances of very high concern (SVHC), Candidate list. This SVHC list is updated about every 6 months with the recent issue decided and updated on **January 21<sup>st</sup> 2025**. Substances included on this list include CMR substances in categories 1A and 1B, PBT and vPvB, respiratory sensitizing properties and endocrine disruptors. SVHC substances are candidates for an authorization or restriction procedure under the REACH Regulation. If a product contains an SVHC substance above the consideration limit, BRÜGGEMANN will immediately comply with the obligation to communicate as stipulated in Article 33 of the REACH Regulation by providing this information on the associated safety data sheet. Today the above mentioned **BRÜGGEMANN products** do not contain any substances from the SVHC list above the threshold limit for reporting of 1000 ppm, except the products listed below\*.

#### **Annex XIV: Substances subject to authorization**

REACH Annex XIV contains a list of substances subject to authorization, which is updated occasionally. Substances on this list may only be used after the expiration date with a valid authorization.

Today the above mentioned **BRÜGGEMANN products** do not intentionally contain substances subject to authorization according to Annex XIV of the REACH Regulation.

### **Annex XVII: Substances subject to restriction**

REACH Annex XVII contains a list of substances subject to restriction, which is updated occasionally.

Today the above mentioned **BRÜGGEMANN products** comply with the restrictions of Annex XVII of the REACH Regulation. In case of changes, we will inform you in good time about the changes and, if applicable, the substitution process.

BRÜGGEMANN products are classified, labeled, and packaged in accordance with the CLP Regulation (EC) 1272/2008.

\*BRUGGOLEN H180, BRUGGOLEN TP-H1407, NYRIM Foam Stabilizer
