

Brüggemann

For our headquarters in Heilbronn (Germany) we are looking for a

BUSINESS DEVELOPMENT MANAGER (M/F/X)

Your tasks

- Provide professional support to the executive board and the top management and support strategic projects.
- Identify, analyze and evaluate existing and future business opportunities on a global level by building on market and competitive insights.
- Work closely with our business units to identify and evaluate international growth potential.
- Integrate managing cooperations, joint ventures and acquisitions (incl. post merger activities).

Your profile

- University degree in polymer chemistry, preferably Ph.D.
- Additional degree in business administration or MBA.
- Several years of professional experience in business development or portfolio management in the chemical industry.
- Experience in the management of consultancy projects and moderating creative discussions.
- Excellent skills in identifying and defining business opportunities.
- Entrepreneurial thinking and acting.
- Strong skills in negotiation, communication and integration.
- Strong intercultural experience and high willingness to travel internationally.
- Fluent in English and German, knowledge of another foreign language is desirable.

We offer

- Responsibility from day one in a challenging work environment and „on-the-job“ training as part of a committed team.
- Competitive compensation and attractive opportunities.
- This new position allows you to gain a comprehensive insight into the market and the technology development of an internationally operating company and the interaction of all relevant business units.

The L. Brüggemann GmbH & Co. KG is an independent family business with international growth targets and close ties to its more than 200 employees. Brüggemann develops, produces and sells unique products in the fields of alcohol, reducing agents, zinc derivatives, and additives for engineering plastics.

Are you interested in this position? We look forward to receiving your brief application (please include a cover letter with salary expectations and CV).
